Bristol Walk Fest launches with an evening of artists who walk the walk

The lineup has been announced for the **Bristol Walk Fest launch event on Friday 1 May**, bringing together artists, advocates and innovators for an evening exploring the meeting of creativity and city walking. The event will be held at Hamilton House, Stokes Croft.

The 2026 launch celebrates walking as a creative and cultural act, with an evening of guest speakers reflecting the breadth of Bristol's arts scene. (*bios below*)

- Sheila Hannon, Show of Strength Theatre Company
- Anita Karla Kelly, Misfits Theatre Company
- Hana Sutch, Go Jauntly
- Dr Subitha Bagirathan, Soultrail Wellbeing CIC

Pre-launch walk: an evening that starts on foot

"We couldn't launch a festival of walking without putting on a walk too, so this is an evening that starts on foot," said Karen Lloyd, Bristol Walk Fest manager.

Launch event attendees are invited to join an exclusive city centre walking tour led by Show of Strength Theatre Company. Created especially for Bristol Walk Fest, the walk is led by Sheila Hannon and actor Gerard Cooke and offers a taste of Show of Strength's walks, three of which feature in this year's Bristol Walk Fest programme.

Walkers will get a glimpse into the Bristol of Blackbeard, Cary Grant, King Henry VII and Long John Silver, and a stop not featured on any other walk (yet) - the prison where ten Bristol women were held before being transported to Australia as convicts in 1817.
